<<this page provides  
useful information  
on paintballing  
with us>>

useful  
info

<<site safety>>

each player is equipped with coveralls, padded headover and a full face & ear protected visor (which must be worn everywhere except the safe area). Every player is given a full instructive talk on Site safety & gun operation

<<how many pballs will i use?>>

this is a difficult question to answer! The average player would expect to use around 500 paintballs during their paintball experience. However there will be players who use less than that and others who will use more, the choice is yours!

<<about us>>

i am a **paramedic** who ensures that site safety is maintained. My marshal's are ex-**marines** who are extremely professional and customer care is of paramount importance to us all.

The guns we use are the ever dependable *Tracer pump-action* and my favourite gun, the *Inferno semi-automatic*. We only use the best paint-balls: *Schercher Euro Flite and Diablo*.

We play numerous games, over a wide variety of missions and objectives to test your teamwork, strategy and skill. Fun and enjoyment is on call all the way.

<<your dress 4 paintball>>

**comfortable & sturdy footwear.** Jeans, 'T'-Shirt, sweatshirt and a **pair of gloves.** We provide coveralls. NB. It is advisable to bring a change of clothes.

<<refreshments>>

such as tea, coffee, hot chocolate and fruit juice, **including lunch**, are provided free of charge on the site. If a 3 course meal or buffet is required please ring for a quote.

<<weather>>

the game is played throughout the year, in all conditions. The excitement and enjoyment more than compensates for the inclement weather.

<<itinerary>>
